

# GALLOWAY COMMUNITY HOSPITAL

If Galloway Community Hospital was fully staffed and running as it is intended to be run...

**£ 1.3 million**  
would be spent on permanent medical staff

There would be  
**10 full time doctors**

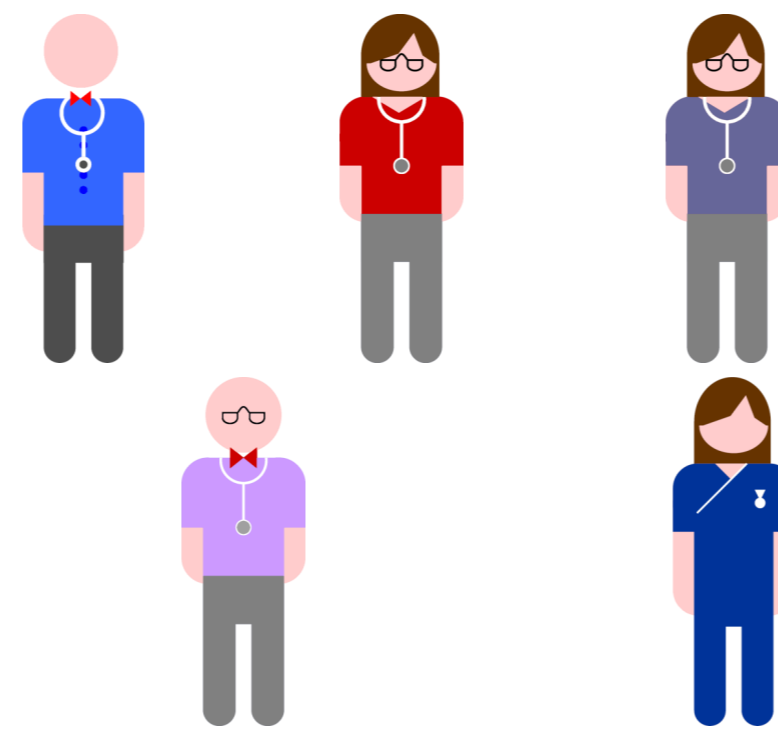

Services would  
**never** be reduced

However, to continue to run Galloway Community Hospital safely...

**£500,000**  
has been spent on permanent medical staff  
**£1.5 million**  
has been spent on temporary medical staff  
(2016/17)

Ongoing use of temporary staff to cover at least  
**5 vacancies**

Services have been reduced **3** times during June and July 2017.  
Services have **never closed.**
